

43230 Praseodym Yellow

Specification

Chemical description:	Zr-Si-Pr (Zirconium)
Form:	Pulver
Color Index:	Pigment Yellow 159, C.I. 77997
Particle size distribution d50:	5.0258 μm
Sieve residue:	< 0.5 % (45 μm)
Moisture:	< 0.5 %
Permissible range:	DE < 1.0 (range of color variation from standard (CIE LAB according POA LAB 12)
Heat resistance:	< 1250°C

Storage:
Store product at temperatures between 5 and 35°C.

Shelf life: at least 5 years after reception.
